

Project Design Phase-II
Data Flow Diagram & User Stories

Date	15 March 2026
Team ID	PNT2026TMIDxxxxxx
Project Name	AI-Enabled Student Admissions & Support Management System Using Salesforce Agentforce
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a visual representation of information flow within the system. It depicts how data enters and leaves the system, what processes change that information, and where the data is stored.

Example: [\(Simplified\)](#)

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Prospective Student	Registration	USN-1	As a student, I can register for the portal by entering my email and academic ID.	I can access my applicant dashboard.	High	Sprint-1
Prospective Student	Support	USN-2	As a student, I can ask the AI agent about admission deadlines and required documents.	The AI provides accurate dates from the Knowledge Base.	High	Sprint-1
Administrator	Management	USN-3	As an admin, I can view AI interaction logs to ensure the agent is providing correct info.	I can see a transcript and the reasoning used by the AI.	High	Sprint-1
Admissions Staff	Lead Management	USN-4	As a staff member, I want the AI to summarize long student email threads so I can understand their needs quickly.	A concise summary is visible on the Contact/Lead page.	High	Sprint-2
Prospective Student	Appointment Booking	USN-5	As a student, I want the AI to schedule a meeting with a counselor if my query is too complex.	The AI checks counselor availability and creates a Salesforce Event.	Medium	Sprint-2
